## I claim:

- 1. An infant feeding support comprising a breast feeding veil and a rear panel detachably affixed thereto.
- 2. A support according to claim 1 wherein said breast feeding veil and rear panel are detachably affixed by means of Velcro.
- 3. A support according to claim 1 wherein a pouch is secured to said breast feeding veil.
- 4. A support according to claim 1 wherein said breast feeding veil includes a back side and wherein a strap is attached to said back side.
- 5. A support according to claim 4 wherein a loop is formed on one end of said strap.
- 6. A support according to claim 5 wherein a pair of loops are formed on the ends of said strap respectively.
